# 1. About the Flexible Rollover Product

---

## About Super SA

Super SA is a superannuation fund provider who, for 120 years, has been helping South Australian public sector workers secure their financial future.

We know how important superannuation is – it may be the biggest investment you ever make. That’s why we are committed to helping you achieve your financial goals with the greatest returns.

As your super grows, it’s good to know that the people looking after your account have been doing it for SA public sector workers like you for 120 years. And as an SA owned and operated super fund Super SA is committed to serving our own, understanding that everyone has unique needs, and setting you up for your best life after work.

## About the Flexible Rollover Product

Current and past<sup>1</sup> members of one of the SA Government employee super schemes, and their spouses, can invest in the Super SA Flexible Rollover Product (FRP).

The Super SA FRP allows you to retain Triple S insurance benefits or apply for cover (conditions apply) and roll in funds that remain accessible if they have an ‘unpreserved’ component. FRP can also be used for combining funds prior to being used to open a Super SA Income Stream account.

The Super SA FRP is a low-cost place to invest your super money while giving you access to some, or all, of your money at any time.<sup>2</sup>

This product is designed to help meet your needs during your working life and into retirement.

With the Super SA FRP, you can avoid the inconvenience of having to find a new super fund provider should you cease employment with the South Australian Government.

With FRP you can choose to grow your super while maintaining access to it and consolidate your retirement savings in preparation for purchasing an income stream.

The Super SA FRP is here solely for the benefit of its investors.

1 If you have received an entitlement from one of the South Australian Government schemes in the last 24 months you may be eligible to invest in FRP.

2 Subject to Australian Government preservation rules.

---

## 2. How super works

---

### **Super is a powerful way of saving for retirement**

While you are working it's compulsory for your employer to make contributions into your super.

The Australian Government's tax concessions and incentives are there to help boost your super savings. The FRP is a great way to consolidate your super and savings if you're preparing for retirement or leaving employment with the South Australian Government.

### **Types of contributions**

FRP cannot accept contributions from employers, however it can accept the following types of contributions:

- **After-tax contribution:** paying money into your super from your take-home pay or savings. You may be able to claim a tax deduction for these contributions.
- **Super co-contribution:** a payment you could receive from the Australian Government, if you qualify, for making after-tax contributions to your super.

If you are eligible for the First Home Super Saver (FHSS) Scheme you can withdraw voluntary after-tax contributions you have made to your FRP account for a deposit for a home. For further information on the FHSS Scheme and to confirm your eligibility please refer to **[www.ato.gov.au](http://www.ato.gov.au)**.

As a Super SA FRP investor you can make a lump sum contribution of \$1,000 or more by BPAY.

### **Contribution caps**

There is a cap on the total value of after-tax contributions you can make to your super. Exceeding this cap means you may have to pay extra tax.

Further information on tax rates and contribution caps is available in the "How super is taxed" section of this PDS.

## Bring your money together

If you have super invested in several funds, depending on your situation, you can bring it all together by rolling it into the Super SA FRP.

Any part of your rollover that was subject to preservation before it was transferred to the FRP will remain preserved until you reach age 60. You also need to consider if you have insurance or other benefits with the funds that would cease if you rolled your money out.

### HOW TO ROLL IN SUPER FROM OTHER FUNDS Roll in your super direct to Super SA

- Complete one Consolidate your Super form for each super account you'd like to roll in and return your forms to Super SA
- Alternatively, you can consolidate through your MyGov account.

You can find out more about consolidating your super in the FRP Reference Guide or you can download the Consolidate your Super form at [supersa.sa.gov.au](https://supersa.sa.gov.au).

Super SA details:

**ABN (FRP)** 11 635 839 852 **USI (FRP)** 1163 5839 8520 01

## Withdrawals

You can make withdrawals from your account. Each withdrawal must be \$1,000 or more and is subject to Australian Government preservation rules.

If your account balance is less than \$6,500 you can make one withdrawal each financial year and the amount remaining in the account must be at least \$1,500 (you also have the ability to subsequently request a full payment and close your account).

If your account balance is \$6,500 or more, there is no limit on the number of withdrawals you can make, however if you want your account to remain open the amount remaining in the Super SA FRP must be at least \$6,500.

### Next steps

You should read the important information about how FRP works in the FRP Reference Guide before making a decision. Go to [supersa.sa.gov.au](https://supersa.sa.gov.au) to view this Guide. The material in the Guide may change between the time when you read this PDS and the day when you acquire the product.

---

## 3. Benefits of investing in the FRP

---

### Competitive admin fees and insurance

Competitive administration fee: just \$1.35 a week plus an asset-based fee of 0.05% of your account balance (to a maximum of \$325 per year) equalling a maximum total of \$395.20 a year.<sup>3</sup>

Access to Death and Total and Permanent Disablement Insurance or Death Only Insurance.

### Great ways to grow your super

Choice of investment options: you can choose to invest your super in any number of the available investment options. Choose one, or a combination of options.

### Look after those you care about

Spouse Account: You have the option to open an account for your spouse or putative spouse.<sup>4</sup>

You can nominate your legal personal representative (estate) so that your death benefit is paid to your estate, and distributed according to your Will.

### Access to your super while you're working

You have the option to access your super when you reach age 60 through a TTR Income Stream income stream – even if you're still working.

### Retiring from the South Australian Government

Investing your money in the Super SA FRP allows you to keep your money invested in a tax-effective super environment with Super SA, while still giving you the freedom to withdraw part or all of your money, subject to Australian Government preservation rules.<sup>5</sup>

### Leaving the South Australian Government

Investing your super in the Super SA Flexible Rollover Product means you continue to enjoy Super SA's products and services. This includes an option to maintain the level of insurance you held in Triple S. See the "Insurance in your super" section of this PDS for further details on how to do this.

### Still employed with the South Australian Government

You are also eligible to invest in the Super SA FRP if you are a current member of an SA Government super scheme.

<sup>3</sup> Due to the timing of deductions a variation of up to \$1.35 could occur in a year. An additional 0.05% p.a. administration fee and cost is deducted from your investment.

<sup>4</sup> For definition refer to the Glossary on the Super SA website.

<sup>5</sup> It's important you are aware that money you roll into the Super SA FRP will be subject to Australian Government preservation rules. This means that, depending on your age and circumstances, you may have to wait longer to access this portion of your super.

---

## 4. Risks of super

---

All investments have some type of risk and super is no different.

Different investment options may carry different levels of risk, depending on the assets that make up that option.

Generally, the investment options that offer the highest long-term returns may also carry the highest level of short-term risk.

### **When it comes to your super, it's important to know:**

- the value of your super investment may go up and down
- the level of your returns will vary
- returns are not guaranteed and you may lose some of your money
- future returns may differ from past returns
- laws affecting super may change.

Your risk level will vary with your choice of investment option and will depend on a range of factors including your age, investment time frame, your other investments and your risk tolerance.

It's also important to keep in mind that your future super savings, including contributions and investment earnings, might not be enough to provide you with the lifestyle you want in retirement.

### **Next steps**

You should read the important information about switching time frames and risks of super before making a decision. Go to the Investment Guide at [supersa.sa.gov.au/tools-and-resources/product-disclosure-statements](https://supersa.sa.gov.au/tools-and-resources/product-disclosure-statements). The material relating to switching time frames of super may change between the time when you read this PDS and the day when you acquire the product.

## 5. How we invest your money

Your super is generally invested across a range of assets including cash, fixed interest, property and shares.

### Investment options

The FRP offers you a choice of investment options, which are shown in the table below. You can choose to allocate your super to any number of the investment options available. Choose one, or a combination of options to best suit your needs. If you don't make a choice, your super will automatically be invested in the Balanced option.

Investment Option	Target rate of return	Investment horizon
High Growth	CPI + 4.5%	10 yrs+
Socially Responsible	CPI + 3.0%	10 yrs+
Balanced	CPI + 3.5%	10 yrs+
Moderate	CPI + 2.5%	6 yrs+
Stable	CPI + 1.5%	4 yrs+
Capital Defensive	CPI + 0.5%	2 yrs+
Cash	RBA cash rate	0 yrs+

You should seek professional financial advice to ensure that you choose the investment options which are suited to your personal needs.

When choosing an investment option or investment allocations, you should consider:

- the likely investment return
- the level of risk
- your investment timeframe

### Investment details for the Balanced (default) option

This option is structured for investors with an investment time horizon of at least ten years. Annual returns may be volatile.

### Asset allocation

The Balanced option is invested in the range of 57-87% growth assets (shares, certain types of property, private equity and other growth opportunities) and the balance in defensive assets (such as cash and fixed interest).

### How often can you expect a negative annual return

Approximately between four and six years in 20.

 Use the Risk Profiler calculator at [supersa.sa.gov.au](https://supersa.sa.gov.au) to  find out what level of risk you may be comfortable with.

## 5. How we invest your money (continued)

Asset class	Strategic asset allocation% <sup>6</sup>	Range %
Australian Equities	25%	10-40
International Equities	30%	20-45
Private Markets	5%	0-15
Property	9%	0-25
Infrastructure	7%	0-20
Alternatives	2%	0-15
Credit	6%	0-20
Fixed Interest	13%	0-35
Cash	3%	0-20

Investment return objective	Min suggested time frame	Risk
CPI + 3.5%	10 years	High risk <sup>7</sup> (Risk band 6)

The asset allocations in each of the investment options available in the Flexible Rollover Product are constantly under review. You should check the Super SA website, for up-to-date asset allocation information.

### Responsible Investing

An integral part of Funds SA's investment process is incorporating responsible investing to support long-term investment outcomes. Funds SA is a signatory to the UN-supported Principles for Responsible Investment (PRI).

<sup>6</sup> Long-Term Strategic Asset Allocation (LTSA).

<sup>7</sup> The Standard Risk Measure is based on industry guidance.

---

PRI signatories undertake to consider environmental, social (including labour standards) and corporate governance (ESG) factors in their investment decision-making and ownership practices.

Funds SA's approach to investing includes an assessment of ESG factors as outlined in the Investment Guide.

## Switching options

To switch investment options log into our online member portal.

You can choose to switch your super across any number of the available investment options.

You can nominate different investment options for your current super balance and your future deposits.

There are no fees to switch your investment options.

Switching investment options is an important decision and you should seek professional financial advice.

No additional investment switches can be requested until the previous investment switch has been completed.

### Switching timeframes

The unit price applied to a switch will represent the market value of an investment option calculated as at the end of the business day on which the request to switch is received.

A request to switch your current super balance received before 5pm on a business day will generally be processed on the second business day following the date of receipt.

No additional investment switches can be requested until the previous investment switch has been completed.

Check the Super SA website for any variation to this. If switching via the member portal, a switch made to future deposits will take effect immediately.

## Next steps

You should read the important information about investments, responsible investing, and how investment options may be changed, before making a decision. Go to the Super SA Flexible Rollover Product Investment Guide at [supersa.sa.gov.au/tools-and-resources/product-disclosure-statements](https://supersa.sa.gov.au/tools-and-resources/product-disclosure-statements). The material relating to investments may change between the time when you read this PDS and the day when you acquire the product.

## 6. Fees and costs

### Fees and costs summary

Flexible Rollover Product Balanced option		
Type of fee or cost	Amount	How and when paid
Ongoing annual fees and costs <sup>8</sup>		
Administration fees and costs	\$70.20 p.a. (\$1.35 per week) <b>Plus</b> 0.05% p.a. of your account balance, capped at \$325 p.a.  <b>Plus</b> 0.05% p.a.	Deducted from your account on a weekly basis. Calculated and deducted from your account monthly, based on your account balance. Deducted from scheme's investment returns, before earnings are allocated to your account.
Investment fees and costs <sup>9</sup>	0.55% p.a.	Deducted from scheme's investment returns, before earnings are allocated to your account.
Transaction costs	0.04% p.a.	Deducted from scheme's investment returns, before earnings are allocated to your account.
Member activity related fees and costs		
Buy-sell spread	Nil	Not applicable
Switching fee	Nil	Not applicable
Other fees and costs <sup>10</sup>	Other fees and costs may apply.	Insurance premiums are deducted from your account each week for Total Permanent Disablement (TPD) and/or Death cover. Personal advice fees are deducted from your account where permitted and agreed or you may choose to pay the fee directly.

### ! Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period. For example reduce it from \$100,000 to \$80,000.

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

## Fees and other costs for the Balanced investment option

The table on the prior page shows the main fees and costs for the FRP Balanced Option, which may be deducted directly from your account or from investment returns before they are allocated to your account. Other Fees, as set out in the FRP Reference Guide may also be charged. You should read all the information about fees and other costs because it is important to understand their impact on your investment.

8 The investment management costs for the 2023-24 year and varies across investment options. Investment management costs vary from year to year. If your Flexible Rollover Product (FRP) account balance is less than \$6,000 at the end of the financial year, the total combined amount of administration fees, investment fees and indirect costs charged to you is capped at 3% of the account balance.

9 Investment fees and costs includes an amount of 0.10% for performance fees. The calculation basis for this amount is set out under "Additional explanation of fees and costs" available in the FRP Reference Guide.

10 For information on other fees and costs such as activity fees (Family Law), advice fees and further content regarding insurance premiums, refer to the "Additional explanation of fees and costs" in the FRP Reference Guide.

## 6. Fees and costs (continued)

### Example of annual fees and costs

The table below gives an example of how the ongoing annual fees and costs for the Balanced option for this superannuation product can affect your superannuation investment over a 1-year period. You should use this table to compare this superannuation product with other superannuation products.

Example		
Balanced investment option	BALANCE OF \$50,000	
Administration fees and costs	<p>\$70.20 p.a. (\$1.35 per week)</p> <p><b>Plus</b> 0.05% p.a. of your account balance, capped at \$325 p.a.</p> <p><b>Plus</b> 0.05% p.a.</p>	<p>For every \$50,000 you have in the Balanced option, you will be charged or have deducted from your investment <b>\$50</b> in administration fees and costs, plus <b>\$70.20</b> regardless of your balance</p>
<b>PLUS</b> Investment fees and costs	0.55% p.a.	<b>And</b> , you will be charged or have deducted from your investment <b>\$275</b> in investment fees and costs
<b>PLUS</b> Transaction costs	0.04% p.a.	<b>And</b> , you will be charged or have deducted from your investment <b>\$20</b> in transaction costs
<b>EQUALS</b> Cost of product		If your balance was \$50,000, at the beginning of the year, then for that year you will be charged fees and costs of <b>\$365.20</b> for the Balanced option.

**Note:** Additional fees may apply.

### Competitive fees

It is not possible to negotiate lower fees within the Flexible Rollover Product.

---

## Fees paid to Financial Advisers

If you consult a financial adviser, fees may be payable. For more information refer to the Statement of Advice (SOA) received from your financial adviser. If you get financial services from Industry Fund Services (IFS) you can pay for the financial service direct from your Flexible Rollover Product account.

## Changes to Fees and Costs

Occasionally, fees might need to rise to cover costs without your consent. If this happens, we'll give you 30 days' prior notice.

  If you would like to find out more, or see the impact of fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website, [www.moneysmart.gov.au](http://www.moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

## Allocation of Units and Investment Performance

Units and investment performance will be allocated to your account on such basis as the Super SA Board may determine at its discretion, including by way of unit price movements or making adjustments to correct any unit pricing errors. Movements or adjustments may be positive or negative.

### Next steps

You should read the important information about fees and costs including fees applicable to each of the other investment options in the Fees and Costs section of the FRP Reference Guide at [supersa.sa.gov.au](http://supersa.sa.gov.au) before making a decision.

Further information about the defined fees can be found at [supersa.sa.gov.au](http://supersa.sa.gov.au). The material relating to fees and costs may change between the time when you read this PDS and the day when you acquire the product.

---

## 7. How super is taxed

---

Unlike many other forms of savings, super is concessional tax. Your super is generally taxed at three different stages.

### 1. Tax on contributions

Some super contributions, including employer and salary sacrificed contributions and personal contributions you claim as a tax deduction, are taxed at 15% at the time they are paid into a taxed super fund. However some government schemes, such as Triple S, Lump Sum and Pension Schemes are “untaxed” funds, which means that contribution tax was not deducted from contributions when they were paid into these schemes. Instead, when money from these schemes is rolled over into another scheme (such as the Super SA Flexible Rollover Product), tax of 15% will be deducted by the new fund. However, any after-tax contributions you have made to your super are tax free, including when you withdraw your super.

### 2. Tax on investment earnings

The Super SA Flexible Rollover Product is required to pay up to 15% tax on investment earnings.<sup>11</sup>

### 3. Tax on withdrawals and lump sum payments

Withdrawals from your account may be taxed if you're under age 60 (refer to table on the next page). Once you turn 60, generally no tax will apply to withdrawals.

#### **Tax treatment of lump sum withdrawals when taken in cash**

The tax that applies to lump sum withdrawals from your Super SA Flexible Rollover Product will depend on your age and the different components that make up your super.

You cannot select which components you withdraw as a lump sum. Tax components will be calculated in the same proportion as the components that make up your total account balance.

The table on the next page sets out the taxation on the taxable (taxed) component of your superannuation lump sum.

<sup>11</sup> Deducted from the investment returns of all Flexible Rollover Product funds under management as a whole before unit prices are applied to your individual account balance.

## Tax on withdrawals

After-tax contributions are tax-free when withdrawn. This is how tax is calculated for the balance of your account when withdrawing your Flexible Rollover Product entitlement as a lump sum:

Your age	Tax on taxable (taxed) component
Under age 60	20% maximum rate (no limit)
60 or over	Tax free

Please note: Assumes tax file number (TFN) provided. If you do not provide your TFN you will be taxed at the highest marginal tax rate plus Medicare levy. The 2% Medicare levy is deducted when tax is payable if you take your entitlement in cash.

## Tax and breach of caps

The Australian Government has set certain caps on the amount of super contributions you can make or receive.

Information about these caps can be found in the FRP Reference Guide.

## Exceeding caps

If you exceed the caps you may incur tax at the highest marginal rate plus Medicare levy on the excess amount.

## Providing your TFN

To ensure your entitlement is taxed at concessional rates, provide your tax file number (TFN) to Super SA. If you do not, you will be taxed at the highest marginal tax rate plus 2% Medicare levy.

You can provide your TFN:

**Online:** Log into the member portal at [supersa.sa.gov.au](https://supersa.sa.gov.au) and type your TFN into the My Details page.

**Via post:** Download and complete the Tax File Number Notification form and send it to Super SA.

## Get informed

You should read the important information about how super is taxed before making a decision. Go to the Tax section of the FRP Reference Guide at [supersa.sa.gov.au/tools-and-resources/product-disclosure-statements](https://supersa.sa.gov.au/tools-and-resources/product-disclosure-statements) and read how taxation affects the Super SA FRP. The material relating to how super is taxed may change between the time when you read this PDS and the day when you acquire the product.

---

## 8. Insurance in your super

---

**Having adequate insurance will help ensure that you and those close to you are financially protected should the unexpected happen.**

In the Super SA Flexible Rollover Product, if eligible, you have the option of purchasing cost-effective insurance cover.

The cost of any insurance cover you apply for through FRP is automatically deducted from your account each week.

### **Types of cover**

You can choose Death Only Insurance or Death and Total and Permanent Disablement (TPD) Insurance. Spouse members can only have Death Only Insurance cover.

If you are eligible for insurance through FRP, you can apply for either **Standard** or **Fixed Benefit** units. The cost of your insurance will depend on which type you choose.

### **Eligibility for insurance**

#### **Death and Total & Permanent Disablement Insurance**

If you are an FRP investor under age 70, you can apply for Death and TPD Insurance cover. You will be asked to provide health and medical information as part of your application.

In order to make a claim and have your insurance benefit paid to you on grounds of TPD or terminal illness, you need to have worked an average of at least 9 hours per week in any 6 month period in the 2 year period prior to making a claim. Other restrictions apply to making a claim and having a benefit paid.<sup>12</sup>

You do not need to meet any employment conditions for an insurance benefit to be paid on your death. However, other restrictions may apply. Refer to the FRP Insurance fact sheet for more information.

Spouse investors are not eligible for Death and TPD Insurance.

#### **Death Only Insurance**

Alternatively, if you are under 70, you can apply for Death Only Insurance. You will be asked to provide health and medical information as part of your application.

You do not need to meet any employment conditions for an insurance benefit to be paid on your death. However, other restrictions apply. Refer to the FRP Insurance fact sheet for more information.

<sup>12</sup> More information on restrictions can be found on the FRP Insurance fact sheet.

### Standard Death and TPD Insurance cover

The value of a unit of Standard Death and TPD Insurance cover is linked to your age, as shown in the table below. Once you reach age 35, the value of a unit decreases each year. The premiums don't change with your age.

### Cost of Death and TPD Standard Insurance

Standard Death and TPD Insurance costs \$1 per unit per week, regardless of your age.

Standard Death Only Insurance costs \$0.50 per unit per week.

Value of Standard Death and TPD Insurance			
Age last birthday	Unit value (\$)	Age last birthday	Unit value (\$)
Up to 34	75,000	50	27,000
35	72,000	51	24,000
36	69,000	52	22,000
37	66,000	53	20,000
38	63,000	54	18,000
39	60,000	55	16,000
40	57,000	56	14,000
41	54,000	57	12,500
42	51,000	58	11,000
43	48,000	59	10,000
44	45,000	60	9,000
45	42,000	61	8,000
46	39,000	62	7,000
47	36,000	63	6,000
48	33,000	64 to 69	5,000
49	30,000		

### Fixed Benefit Death and TPD Insurance cover

Fixed Benefit Death and TPD and Fixed Benefit Death Only Insurance cover options are also available.

Fixed Benefit Insurance cover can provide you with a value of cover that does not change up to age 69. Each unit has a value of \$10,000. The premium payable on each unit is based on your current age, and will increase each year on your birthday.

Refer to the FRP Insurance fact sheet for details, including the premiums for Fixed Benefit cover.

---

## 8. Insurance in your super (continued)

---

### **Change your level or cancel your cover**

You may apply for Standard or Fixed Benefit Insurance by completing and submitting the **FRP Apply and Change Death and TPD and Death Only Insurance** form available from **supersa.sa.gov.au**. You may also apply to increase or decrease your level of insurance or cancel your cover at any time, using this same form.

You will be required to provide information about your health upon any application to increase your level of cover, including if you cancel or reduce your insurance and then decide to reapply for this insurance. Limitations may be applied to your cover for any pre-existing conditions.

You may choose to transfer Standard Death and TPD Insurance cover to Fixed Benefit Death and TPD cover (conditions apply) but you cannot mix your insurance across these different types. You can have units of either Standard OR Fixed Benefit.

For details and more information on the requirements and conditions of transferring or cancelling your insurance, see the FRP Insurance fact sheet.

### **Fixed Insurance (closed November 2014)**

Investors are no longer able to apply for units of Fixed (closed) Insurance cover. However, investors who had Fixed (closed) Insurance cover at 13 November 2014 retained their level of cover.

You can transfer your Fixed (closed) Insurance to Standard or Fixed Benefit Insurance at any time. Conditions apply. For details and more information about transferring refer to the FRP Insurance fact sheet.

Fixed (closed) Insurance cover ceases for all members at age 65. If you want Death and TPD or Death Only cover to continue after it expires, up to age 70, you will need to apply for Standard or Fixed Benefit cover. You will be asked to provide health and medical information as part of your application.

Alternatively, you may choose to transfer your Fixed (closed) Insurance to Standard or Fixed Benefit Insurance before age 65. That cover will then continue until you turn 70. Refer to the FRP Insurance fact sheet for more information about the requirements and conditions that apply to transferring your cover.

---

## Limitations and exclusions

If you apply for insurance, you will be asked questions about your personal medical history including information about any prescribed activities you take part in (e.g. smoking), and illnesses or injuries that you have or have had, that may increase the chances that you will make a claim. Any units of insurance you apply for may have limitations placed on them.

### Important Information

Limitations and exclusions may affect a person's entitlement to insurance cover. For this and other significant matters relating to insurance, you should read the fact sheets on insurance before making a decision about whether this insurance is appropriate for your needs.

## Continuation of Triple S insurance when ceasing employment

Your insurance through your Triple S account ceases when you leave employment within the South Australian Government, but you can take steps to continue the same type and level of Death and TPD Insurance in the FRP as you held in Triple S on the last day you worked.

To continue your current insurance you need to make the required insurance election in the FRP Application form within 60 days of leaving employment. You will need to be under 70 years old to apply.

### Next steps

You should read the important information about Death and TPD Insurance, and Death Only Insurance, including eligibility and limitations, before making a decision. Go to the Insurance fact sheet, and the Insurance and Leaving the Public Sector fact sheet at [supersa.sa.gov.au](https://supersa.sa.gov.au).

The material relating to insurance may change between the time when you read this PDS and the day when you acquire the product.

## 9. How to open an account

---

### **Joining the Super SA Flexible Rollover Product is only three steps away.**

1. Complete the Application to purchase form available in the hard copy or printable PDF version of this PDS. You will also need to provide certified proof of identity.
2. Roll in your Super SA balance by completing a Transfer your super form, or your non-Super SA balance by completing a Consolidate your Super form OR
3. A payment of at least \$1,500 must accompany your application. You can make your payment by BPAY. Contact Super SA for BPAY details relevant to you.

### **Want an account for your spouse?**

You have the option to create a Super SA Flexible Rollover account for your spouse or putative spouse.

### **Cooling off**

You have 19 calendar days from when you join to decide if the Super SA Flexible Rollover Product is the right choice for you. During this time you can cancel your membership.

If you cancel, any administration fees applied to your account will be refunded. If you close your account, we'll return the account balance to you if it isn't preserved. Alternatively we'll transfer it to another super fund of your choice.

Your account balance will be adjusted for any withdrawals, insurance premiums or tax payable. Any taxes paid on funds transferred from an untaxed SA Government super scheme (such as Triple S) will not be returned. The amount returned will be calculated using the unit price effective at the date of processing the payment, and will reflect any movement (positive or negative) in the value of the investment option/s you have selected.

To close your account during the cooling-off period, you need to send a written request to Super SA at the address shown on the back cover of this PDS.

---

## 10. Additional information

### Disputes Resolution Process

Super SA aims to resolve all matters through its internal enquiry and disputes resolution processes.

If you are dissatisfied with a product or service provided by Super SA, you can escalate the matter by lodging a formal complaint with Super SA. Complaints may be submitted in the following ways:

**Website:** Complete and submit the Member Complaint Form online or download the Member Complaint Form and send to Super SA via email or post.

**Email:** [supercomplaints@sa.gov.au](mailto:supercomplaints@sa.gov.au)

**Mail:** Dispute Resolution Team, Super SA, GPO Box 48, Adelaide SA 5001

**Member Centre:** 151 Pirie Street, Adelaide

**Telephone:** (08) 8214 7800

If you are dissatisfied with the decision made by Super SA, you may request a review of the decision in writing to the Super SA Board or the South Australian Civil and Administrative Tribunal (SACAT). An application to review a decision must be lodged within three months of receiving notice of the decision. Alternatively, you may refer the matter to the State Ombudsman.

For further information regarding Super SA's complaint and external resolution process, including relevant timeframes, please refer to **[supersa.sa.gov.au](http://supersa.sa.gov.au)**.

### 4. Insurance option

To apply for insurance through the Super SA Flexible Rollover Product you need to complete the **Insurance** form found at the back of this PDS.

I wish to apply for insurance and have completed the Insurance form.

### 5. Legal Personal Representative (Estate) – (optional)

Your death benefit is automatically paid to your spouse (if any). If you would prefer your death benefit to be paid to your Estate, and distributed according to your Will, you can nominate a legal personal representative (estate).

I wish to nominate a legal personal representative (estate) and have completed the Binding Death Nomination – Legal Personal Representative (Estate) form (available to download from the Super SA website).

### 6. Tax File Number

Supplying your TFN to Super SA is optional. However, if you choose not to supply your TFN, you may pay more tax on your entitlements than you have to. If we do not have your TFN, tax will be deducted from every withdrawal at the highest marginal rate plus Medicare levy.

Tax File Number    -    -

If you provide your TFN it will only be used for legal purposes and it will assist in finding and identifying your super entitlements now and in the future. Declining to provide your TFN is not an offence.

### 7. Recipient Declaration

- I understand that I am required to disclose every matter that could reasonably be expected to be known by me, which may be relevant in Super SA's decision whether to accept the risk of insuring me.
- I understand that an insurance entitlement may not be payable if the cause of my death or disability is caused wholly or partly by a pre-existing illness/medical condition(s)<sup>3</sup> or disability, or an illness/medical condition(s)<sup>3</sup> or disability arising out of a pre-existing illness/medical condition(s)<sup>3</sup> or disability, or a prescribed activity.
- I understand that non-disclosure will result in my insurance entitlement being withheld, reduced or declined.
- I understand that if I terminated public sector employment in connection with a voluntary separation package, I cannot claim a TPD benefit in relation to incapacity for work that was known to me at the time of termination.
- I understand that to claim a TPD benefit I must have been working an average of at least 9 hours per week in any 6 month period in the 2 year period prior to lodging a TPD claim.
- I authorise any hospital, doctor or other person who has treated or examined me to provide Super SA with any further information or medical reports on my illness/medical condition(s)<sup>3</sup> or injury, medical history, consultations, prescriptions or treatment.
- I understand that Super SA and its medical adviser(s) will use this information for the purpose of considering my application for insurance.
- I understand I will have to pay the cost of providing any medical evidence to support my application.
